

## COOMBE CASTLES

<p>Jungle/Pirate/Dino/Disney/Frozen/Minion/ Butterfly blue H FRAME</p> <p>Balloon/Fairy A Frame</p> <p>£40 for 3 hours                      £45 day</p>	<p>All these castles fit nicely in the hall to the top left corner. Our inflation tube will be located in the cupboard with the chairs!</p> <p>These accommodate 6-8 children depending on ages and sizes. But parents must use their common sense. (Some allow more children on but safety is the upmost and parents sign a disclaimer so anything happens it will be down to them)</p> <p>Tables and chairs can still be set up along the long wall (entrance side) and along the bottom by hatch!</p>
<p>Magic</p> <p>£40 for 3 hours                      £45 day</p>	<p>This is our smallest castle and we recommend this one for very small parties of smaller children 0-3yrs only holds 5-6</p>
<p>Jungle/Pirate/Dino/Disney/Frozen/Minion Slide Combo</p> <p>£50 for 3 hours                      £55 day</p>	<p>This would be the largest of castles to go into the hall and takes up the top half of the hall. This again only takes 6-8 children.</p> <p>You would only need a small party group they maybe wouldn't have a large number of children attending as you would only get tables at the kitchen hatch end!</p>
<p>Adult</p> <p>£70 for 3 hours                      £90 day</p>	<p>This accommodates more children and would allow adults to participate! This would take 10 child at one time or 4-5 adults. This again would take up just over a quarter of the hall but will go down towards the side double doors a little bit further</p>

All of our soft play would fit in the hall on its own or limited with each of the castles.

It would be best for the parents to call us to book the castles as we get very busy and may not be able to fit them in. We try to be as flexible on our delivery and collection times where possible. We would like parents to allow at least 30 mins to set up before the party and we normally come back 15mins or 30mins after the party has finished to allow easy access. (so if party 2-4 we would come at 1.30 and collect at 4.30) so they need to book the hall for near them time limits if you work on an hourly limit!
